Kansas Recreation & Park Association Conference Speaker Gives Professionals a “Kick in the Attitude”

Delano, Minn. (Jan. 21, 2015) — Landscape Structures Inc., a Delano, Minn.-based commercial playground equipment manufacturer, along with its Kansas playground consultants, ATHCO, L.L.C., will exhibit at the 2015 Kansas Recreation & Park Association (KRPA) Conference and Trade Show Jan. 27-30, in Topeka, Kan. The Conference will feature Sam Glenn, motivational speaker and author, as the keynote speaker. This learning experience was made possible through the 2014-2015 State Association Speaker Scholarship program from Landscape Structures.

Glenn’s presentation will give KRPA attendees “A Kick in the Attitude,” a reboot or a recharge that feeds new life to a hurting, negative and bruised soul. He’s learned from personal experience that a negative attitude doesn’t work for anyone; it gets in the way and attracts more negativity. Glenn realized that having a positive attitude gives you the ability and muscle to think, find solutions and persevere when faced with adversity. Glenn’s ability to pull positivity out of adversity has led him to become the leading voice on the topic of attitude as it relates to being a leader, dealing with change, cultivating a culture of engagement, improving customer service, and improving your personal and professional development. His energetic—and often humorous—session is sure to engage, equip and empower the audience with an attitude recharge that will improve performance in their professional and personal lives.

Glenn will present a 90-minute session on Wednesday, Jan. 27, beginning at 8:30 a.m. in the Sunflower Ball Room of the Capitol Plaza Hotel. Later that afternoon, attendees can visit ATHCO and Landscape Structures in the exhibit hall to learn about the newest playground innovations including new

nature-inspired colors, the Canyon Collection™ and the refreshed design of the HealthBeat® outdoor fitness system.

About Landscape Structures Inc.

Since 1971, Landscape Structures Inc. has been the leading manufacturer of commercial playground equipment in the world. The employee-owned company is committed to creating a better world by encouraging outdoor activities that develop healthy kids, families and communities. Landscape Structures designs better playgrounds that welcome all ages and abilities, become signature gathering spaces for communities and offer the most innovative play experiences. The company's mission from day one has been to enhance children's lives by fostering and creating inspiring play experiences while honoring the environment.

About ATHCO, L.L.C.

ATHCO, L.L.C. is a progressive Kansas City-based company that has been providing recreation equipment from industry leading manufacturers since 1952. The company is dedicated to providing the highest quality products at competitive prices. ATHCO represents Landscape Structures playground equipment for Kansas and western Missouri, and also provides playground safety surfacing, site amenities, gymnasium equipment, scoreboards, shelters and splashpads. The company's expertise includes assistance with proper equipment selection, complete project design, turn key installation and responsive service for the life of the product. At ATHCO, satisfaction is our highest priority. This business philosophy along with its commitment to excellence in product quality and service truly sets ATHCO apart.
