### **Landscape Structures Partners with Recreational Concepts in Tennessee**

Partnership expands Landscape Structures distribution, service throughout state  
Delano, Minn. (March 5, 2013) — Landscape Structures Inc., a Delano, Minn.-based commercial playground equipment manufacturer, is proud to announce that it has new representation in Tennessee. The newest playground consultants, Recreational Concepts, are located in Cookeville and have many years of experience as well as knowledge of the playground and recreation industry. The new partnership will bring increased local representation of Landscape Structures commercial playground equipment, PebbleFlex® and AquaFlex® safety surfacing and HealthBeat® outdoor fitness systems to the state of Tennessee.

Recreational Concepts is a privately held company owned and operated by Dan and Shelia Stewart. The company provides resources and design for all levels of commercial playground projects, and will work with clients every step of the way by providing complementary products to complete the entire play environment. Recreational Concepts shares Landscape Structures' passion for enhancing the lives of children and the company's consultants are excited to begin working on playground and recreation projects.

“Recreational Concepts understands the playground industry, and what our customers need to complete a successful playground project,” said Steve Hare, regional sales manager for Landscape Structures. “Dan and Shelia have established a great reputation with their existing customers and have developed great techniques for developing new business. Both Landscape Structures and Recreational Concepts will benefit from our vast networks of resources, people and experiences.”

Recreational Concepts offers turnkey solutions for complete park and playground projects including playground and water play safety surfacing, site furnishings that match the playground equipment, shade systems and shelters. Additionally, by partnering with Landscape Structures, the company offers custom and theme playground designs and unique manufacturing capabilities including concrete operations. Recreational Concepts also provides installation and maintenance services, and will support the entire state of Tennessee.

Since 1971, Landscape Structures Inc. has been the leading commercial playground equipment manufacturer in the world. The employee-owned company is committed to making the world a better place with active children thriving in leading communities year after year, generation after generation. Landscape Structures encourages outdoor play that develops healthy kids and a sustainable world by creating innovative products that are environmentally responsible. The company's mission from day one has been to enhance children's lives by fostering and creating inspiring play experiences while honoring the environment.
