### **Whirlix Design Named 2025 Rep of the Year by Landscape Structures®**

Dallas-area sales organization recognized for outstanding performance and growth  
across playground, splash play and shade divisions.

Delano, Minn. (March 17, 2026) — Landscape Structures Inc.®, a Minnesota-based manufacturer of playground equipment, Aquatix® splash play solutions and SkyWays® commercial shade structures, has named Whirlix Design Inc. its 2025 Rep of the Year, recognizing the Texas-based sales organization for exceptional performance, growth and partnership during the past 10 years.

Whirlix Design has shown strong engagement across all three Landscape Structures divisions. The team has expanded its organization with new roles in finance, marketing and project management to support continued growth.

“Whirlix Design has demonstrated in every way what it means to be a true partner,” said Karlye Emerson, president and CEO of Landscape Structures. “They continue to invest in their organization and support of their customers, and in the long-term success of our partnership.”

During the year, Whirlix Design supported several initiatives that advanced Landscape Structures’ product portfolio and customer engagement. The team sold and installed several notable projects, including a PlaceMakers™ installation at Katherine Rose Memorial Park in Mansfield, the renovation of Old Celina Park in Celina, and an inclusive destination playground at Fairview Park in Sherman. Additionally, they’ve hosted many tours for customers and partners at playgrounds, splash pads and shade installations around the area.

“The Whirlix Design team approaches their plans and goals with enthusiasm and determination, and their results speak for themselves. They’ve exceeded already high expectations across every division and are deeply invested in serving their territory,” said David Smith, senior vice president of sales at Landscape Structures. “From hosting frequent educational sessions to collaborating closely with landscape architects and park planners, they consistently focus on providing meaningful value to their customers.”

Whirlix Design serves communities throughout Texas, helping parks, schools and community organizations create engaging play and recreation spaces for children and families.

Landscape Structures recognizes one representative organization each year for its commitment to Landscape Structures’ culture, excellence in sales performance, collaboration and customer support.

#### **About Landscape Structures Inc.**

Landscape Structures is the leader in commercial playground equipment design and manufacturing. Since 1971, we have transformed the landscape of play by bringing captivating play spaces to communities and schools across the globe. Everyone at our employee-owned company welcomes the responsibility of creating experiences that honor and include every child’s unique abilities. We believe play is life-changing. Because play, when designed for everyone, brings out the best in all of us. Learn more at [playlsi.com](https://playlsi.com).

#### **About Whirlix Design**

Whirlix Design is an outdoor recreation design and construction firm based in Plano, Texas. Since 2017, Whirlix Design has partnered with municipalities, schools, developers, and community organizations to plan, build and create engaging playgrounds, splash pads, shade structures, and community recreation spaces. Through thoughtful planning, innovative design, and collaborative project delivery, the company

helps clients transform ideas into vibrant outdoor destinations that support play, inclusivity, and community connection. The company's mission is to bring the value of play to communities through environments that inspire movement, exploration, and meaningful shared experiences.
